

2200 Series POS System

2250/2270 - Under Counter Mount Install Guide

Thank you for selecting UTC RETAIL's innovative 2200 Series Point of Sale solution!

This guide is designed to help mount a 2200 Series system to the optional under counter mounting bracket.

- 1) Install the under counter mounting bracket using four #12 wood screws (screw type is dependent on counter material).
- 2) Slide in the UT2200 unit. Ensure that the vents line up with the openings in the under counter bracket. Blocking the vents may cause damage to the unit.
- 3) Connect cabling.

Please call UTC RETAIL's Technical Support at 800.349.0546 with any questions regarding the installation.
